Dear Customers,

It is with deep regret that we have taken the decision to temporarily close the garage from 1700hrs on Friday 27th March until Monday 20th April 2020.

For over 80 years and through WW2 we have never closed our doors and our mission has, as ever, been to keep your vehicle on the road; rest assured that will continue but in the face of this unprecedented challenge it is our belief that we have to ensure the wellbeing of our valued and skilled staff, our customers and the few suppliers that are left to us and as such we will close our gates.

As of today 27th March we have to close until 20th April in order to qualify for furlough. We hope to be full steam ahead on Monday 20th April 2020 (pending any further restrictions imposed).

We look forward to welcoming you back with open arms in the near future.

We appreciate that this is a difficult time for everyone and trust that maybe at the end of this trial that as a nation we may be a little wiser, more tolerant and appreciate each other greater.

In the meantime should a crisis overtake your transport needs, please ring one of the following numbers:
